The **C&L Group** is an IT Professional Service company offering a wide variety of Enterprise-Wide IT Consulting and Solutions; Staffing, Staff Augmentation and Staff Sourcing, On-site, Off-site and Virtual Training and Educational Services and Rural Sourcing and alternative Domestic Outsourcing Solution. **C&L Group** is an industry leader in delivering complex, high end engagements using a rural sourcing delivery model.

On-Demand Training and Education

The C & L Group has developed and customized a large number of IT Training offerings specifically to meet the needs of most large and mid-sized enterprises. C&L Group's "**On-Demand**" delivery methodology specifically addresses the growing requirement for a quality alternative to sending your team members "away" for training.

All of the C&L Group's course offerings can be facilitated on-site or delivered virtually. Every course offering is facilitated by Subject Matter Experts, combining decade's worth of proven training and practical experiences.

Beginning in 2011, the C&L Group has added twenty-two (22) NEW courses to its already significant course catalogue

The C&L Group Advantage

FLEXIBILITY – Delivered on-site, off-site or virtual

EXPERIENCE – Instructors have decades of experience and testimonials

CUSTOMIZATION – Courses tailored to meet your specific requirements

COST EFFECTIVE – Avoid unnecessary air fares, hotel fees & other expenses

ESPRIT DE CORPS – Investing in your team builds loyalty

Experience • Knowledge • Flexibility • Commitment • Professionalism
